

COMING TOGETHER TO
STAND FOR COLORADO
BECAUSE WE CARE

STAND FOR COLORADO

Every day, hard-working Coloradans are concerned about state legislators who **DO NOT STAND FOR COLORADO** as they pass laws, rules and regulations that:

- Make it more difficult and more expensive for everyday Coloradans to live in our state.
- Promote agendas that make people dependent on the government.
- Will cause companies to leave which will place a financial burden on all us.

Kim Monson, leader of the Stand For Colorado team, states, *“Hardworking, every day folks seldom “do” rallies. May 10th, Coloradans will come together to send a message to the out of control politicians and bureaucrats that we are watching, we care and we are concerned about our state.”*

See list of speakers on following page
